* Note: Millage requirements do not include cracks, seams, flashings, joints, splits, protrusions, drains, etc. These areas may require additional product. Millage rates and gallons per square shown are approximate and do not include material waste during application. Certain surfaces may require additional material sprayed and/or back rolled to achieve minimum millage requirements. If any uncertainty please contact your IPP representative or 877-552-6724.

Warranty Program for IPP 250 HS Silicone Coatings

Limited Material Warranty

Ten (10) Year, Fifteen (15) Year and Twenty (20) Year Limited Material Warranties are available for the IPP 250 HS Silicone roof coatings from Instacoat Premium Products (IPP). There is **no fee** for these warranties and the only requirement is the submittal of a completed IPP Warranty Request Form. Third party independent inspections are not required. Specific conditions, limitations and remedies are identified in the warranty documents. Sample warranties are available upon request.

Limited Labor and Material Warranty

Ten (10) Year, Fifteen (15) Year and Twenty (20) Year Limited Labor and Material Warranties are available for the IPP 250 HS Silicone roof coatings from Instacoat Premium Products (IPP) and our approved contractors. These warranties cover labor and materials necessary to repair leaks due to deterioration of the IPP 250 HS Silicone coating roof restoration system as a result of ordinary weather conditions. Specific conditions, limitations and remedies are identified in the warranty document. Sample warranties are available upon request.

There is a fee for these warranties and a third-party inspection is required. Additionally, to be eligible for a Limited Labor and Material Warranty, an IPP Warranty Request Form must be filled out, submitted and approved by IPP Technical Staff prior to the start of the project. All Limited Labor and Material Warranties must be pre-approved by IPP prior to job start. Other requirements may need to be met depending on the type of warranty requested, so please read your warranty carefully or contact Instacoat Premium Products Representative.

NOTE: *Minimum dry film thickness requirements do not include joints, seams, flashings, cracks, splits, protrusions, drains and other details where additional coating may be required. Coverage rates and gallons per square shown are approximate and do not include material losses during application. Moreover, certain surfaces may require additional coating or back rolling to achieve minimum millage requirements. Application rates, recommended coverage and millage requirements are the same for Limited Material Warranties and Limited labor & Material Warranties.*

Disclaimer

This document is for informational purposes only and does not imply or constitute a warranty. Further requirements may need to be met in order to qualify for a warranty through the Instacoat Warranty Program. A written warranty must be issued to the owner/s by Instacoat Premium Products.
